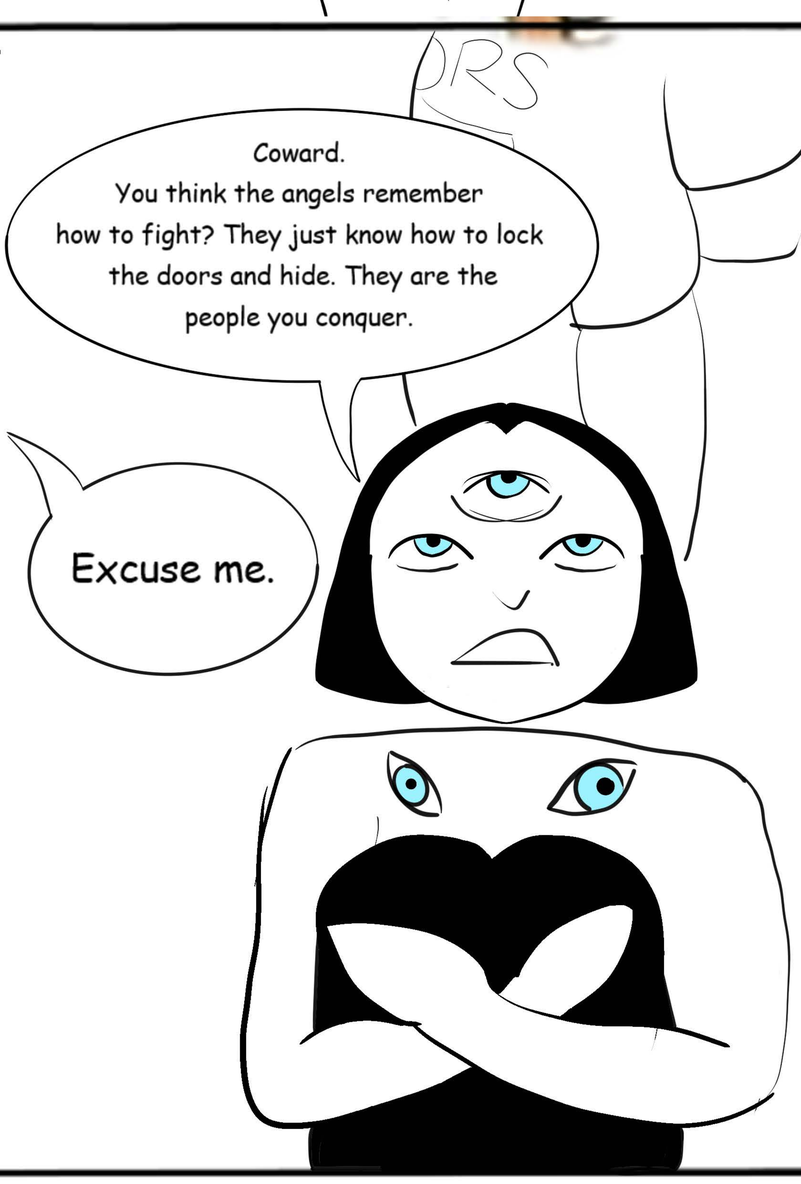
Our Father

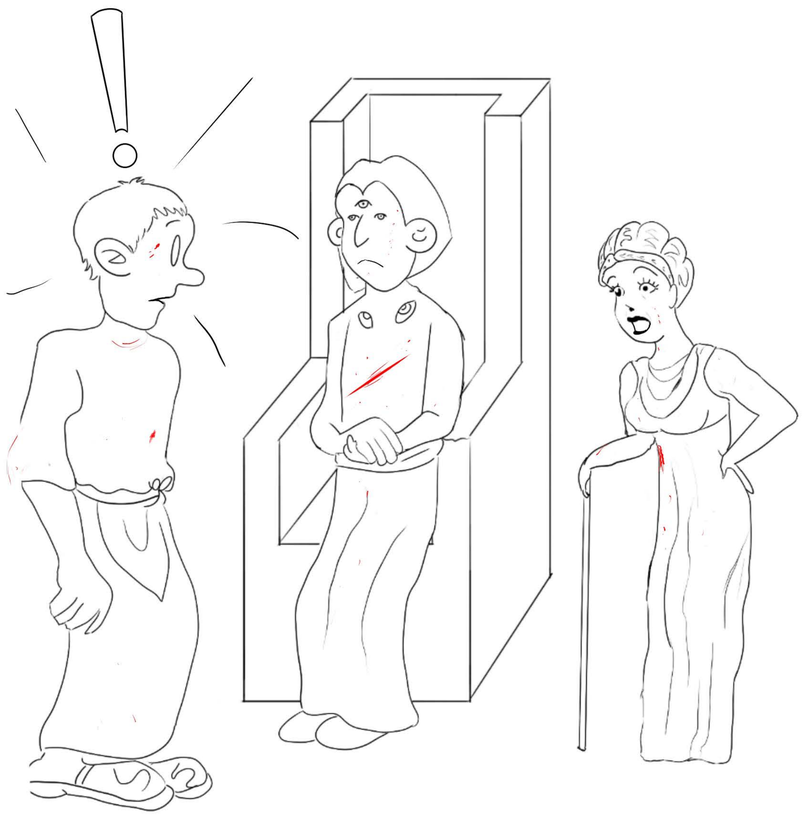
Kylee Green

There he is.
Where?
By the bingo spinner.
I'm tired.
Go lay down in your room Dad.
The stairs hurt.
Go find someone to help you then.
Or maybe try the buffet.

It's so simple. We lure him out, kill him, and proclaim my rightful place as ruler.
You want to end up eternally suffering up here? We just need to talk to him. He clearly doesn't know what's going on. I mean, the angels run this place.

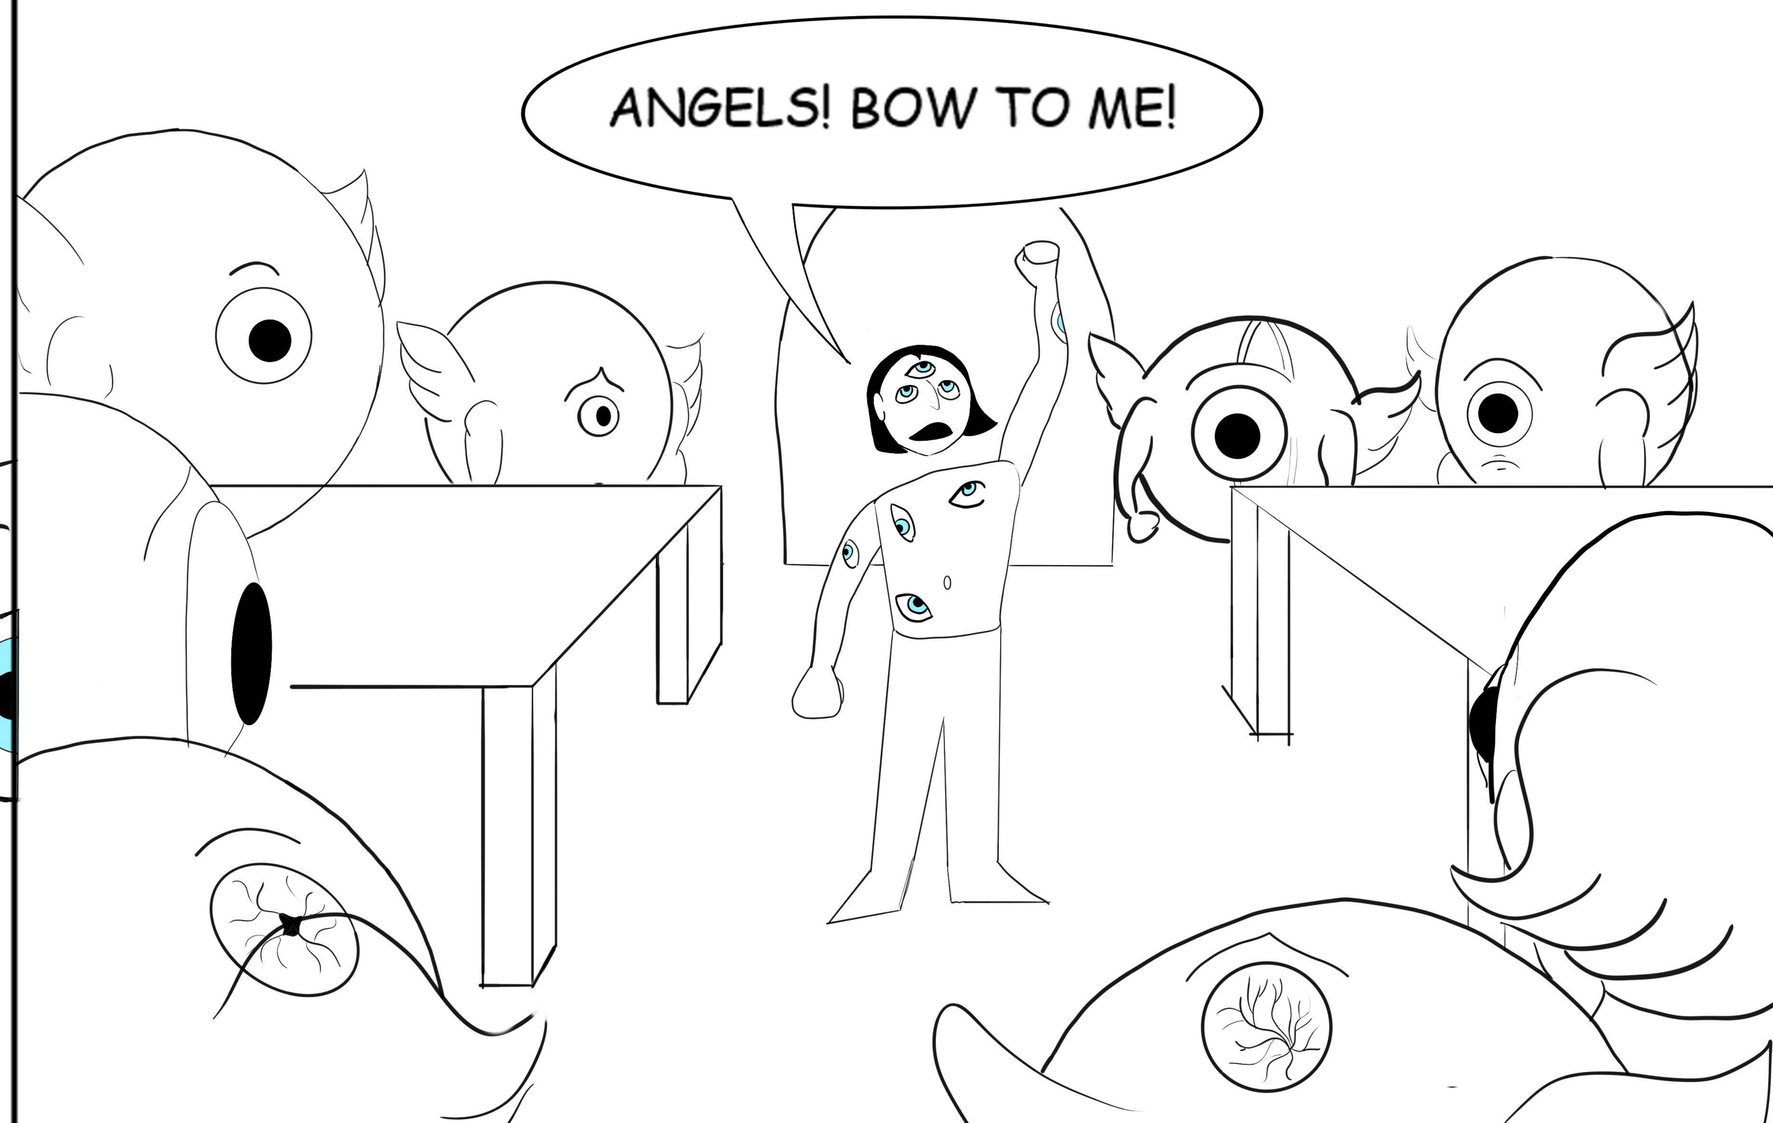


Coward. You think the angels remember how to fight? They just know how to lock the doors and hide. They are the people you conquer.
Excuse me.



Can you help me to my room? I know the way, but I just need a bit of help.

I've got you.
Come on. It's a miracle we haven't gotten caught yet.
There's just one more thing I have to do.



ANGELS! BOW TO ME!

Can we go to my room now?

For too long you have sat here in luxury.
You are not just complacent with the suffering of the world below, you've cut it off entirely. You have failed your people. You've failed all people. And so, since you are so busy sitting up here already,
It is time for a rightful ruler to take your place.

I'm sure it's this way.
I understand you're very important, but I think there are some things going on you don't know about.
You too.

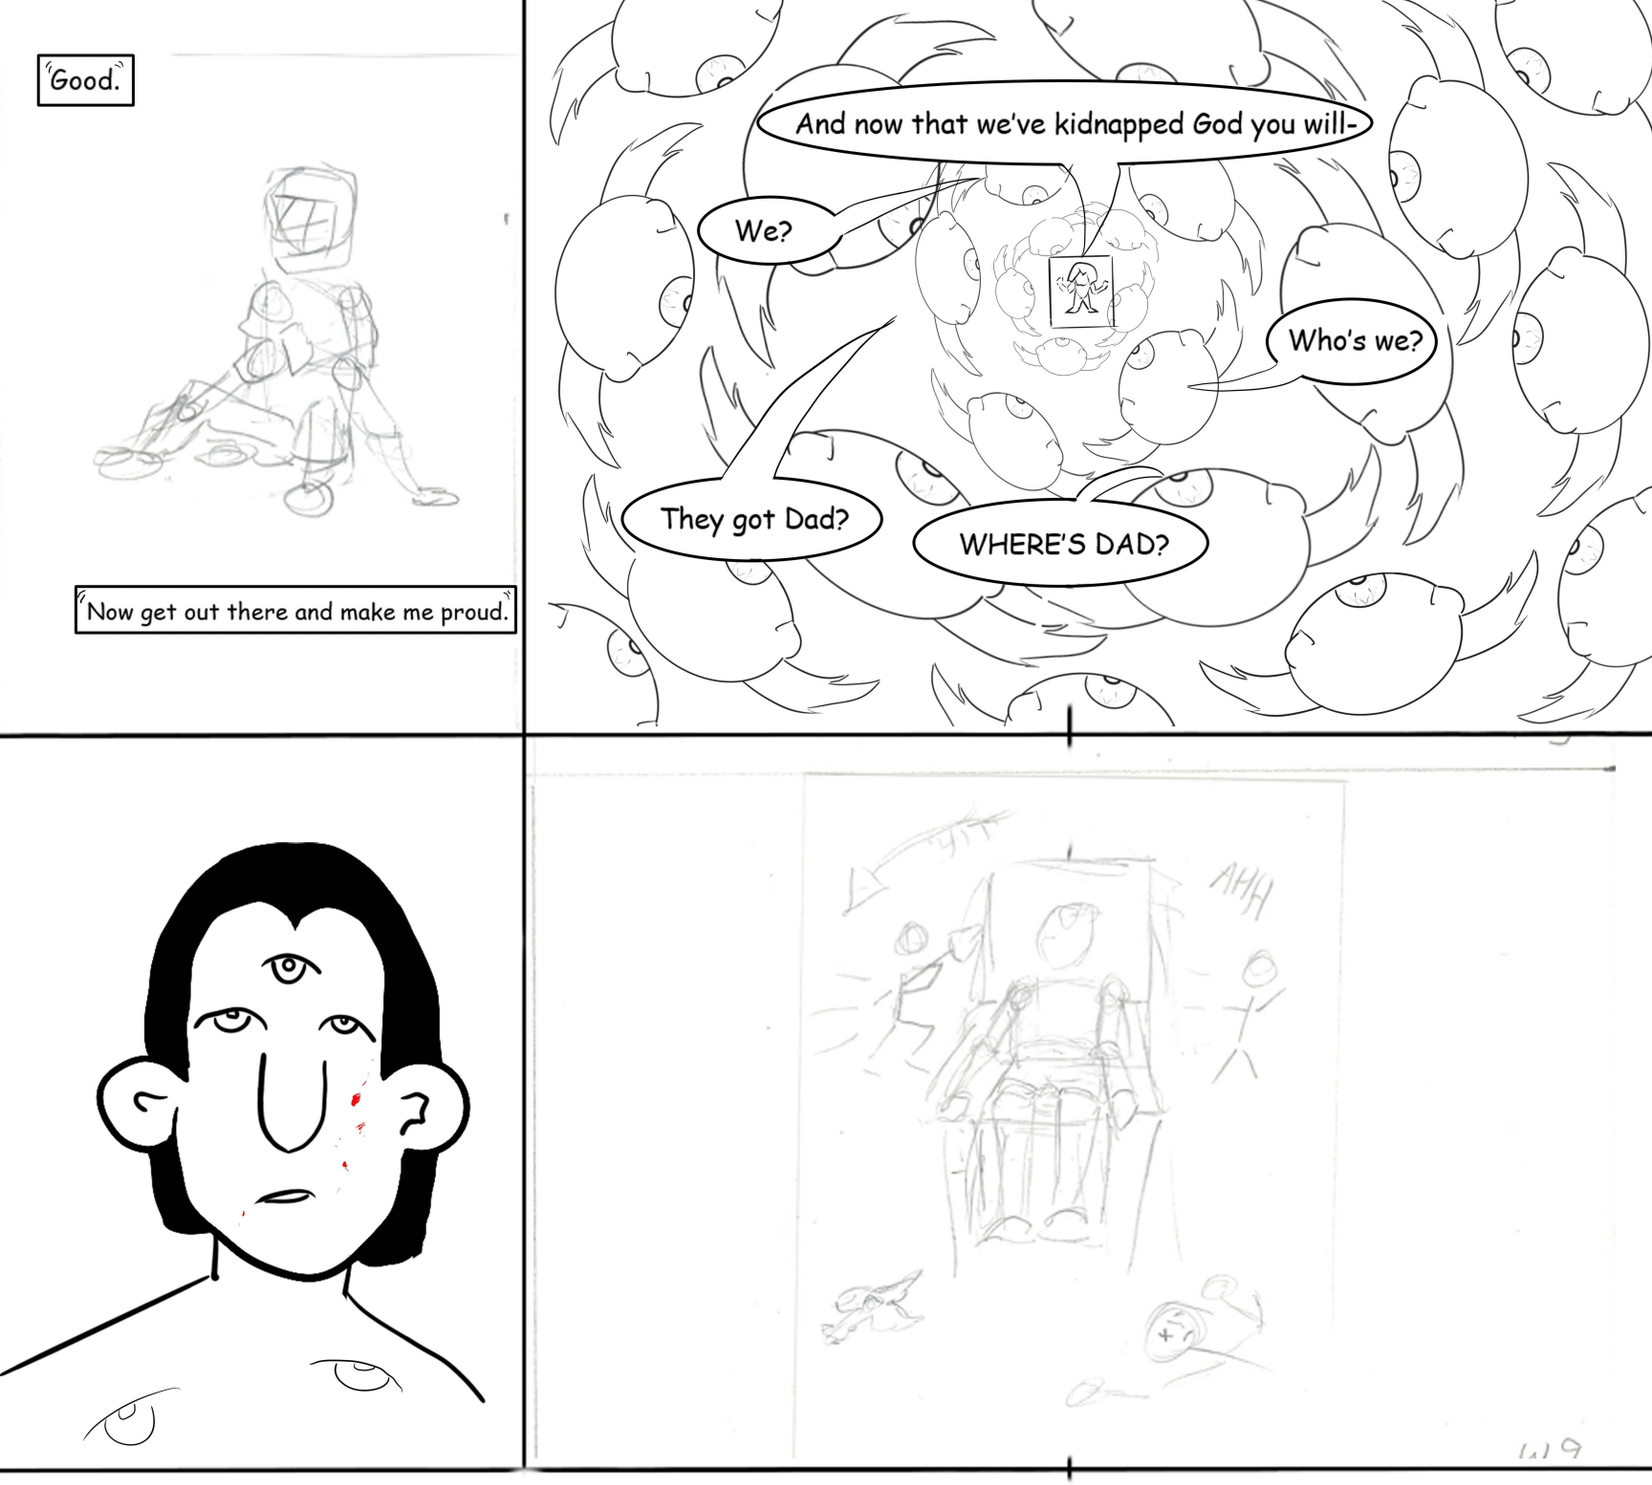
Martin-
Mom-
Do you want to tell me what you are
I don't feel-
Martin
I'm a warrior
So, why aren't you out there?
Babe, I'm getting kind of worried about him.
"It hurts."
"What does a warrior do when he gets hurt?"
"What does he do?"
"Mom-"
"He keeps fighting."
"What are you, Martin?"
"I'm a warrior."
"And what do you do?"
"I keep fighting."



"Good."
"Now get out there and make me proud."
And now that we've kidnapped God you will-
We?
Who's we?
They got Dad?
WHERE'S DAD?

Blair stop.

Do you know a better way out.

All is as it should be

DADA

Father...

DAD?

DAD!

Don't you dare say that to me.
Come on. No one even hit you.

Why isn't he getting up?
